Centurion Seating

Application	Chair
Content	100% Polyester
Width	54"
Weight	13 ounces per linear yard
Finish	Nanotex
Backing	Acrylic
Abrasion	750,000 double rubs (W)
Flame Resistance	NFPA 260 (UFAC Class 1), California TB 117-2013, Section 1 compliant, Compatible with California TB 133 (CAL 133) when ordered as an FC option.
Maintenance	W: Clean with water based shampoo or foam upholstery cleaner
Manufacturer	HON
Additional Colors	For additional Centurion colors available, please visit the Surface Materials Library at hon.com.

Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be a reliable indicator of increased fabric lifespan.

UR18 Cloud

Contourett

Application	Chair	
Content	100% Polyurethane	
Width	54"	
Weight	16.2 ounces per linear yard	
Finish	Silver based ion technology	
Backing	70% Polyester, 30% Cotton	
Abrasion	200,000 double rubs (W)	
Flame Resistance	NFPA 260 (UFAC Class 1), California TB 117-2013, Section 1 compliant.	
Maintenance	For wet spills gently blot with dry cloth to remove spill For dried spills gently work the spill in a non-aggressive circular motion using a damp cloth making sure to not over saturate the fabric For dried stains use a mixture of Tide® or Oxiclean® and warm water (1 teaspoon of soap for every 16 ounces water) – follow instructions for dried spills above. Make sure to wipe away any excess soap left behind and remove any moisture with a dry cloth. For non-liquid spills always remove excess contaminant from surface before cleaning. The use of a soft brush or soft abrasive can be used to remove dried contaminants before performing liquid cleaning. For Healthcare related stains a water to bleach solution of 5:1 is recommended. Rinse cleaned area with water. For stains requiring the use of a solvent, spray the solvent directly onto the stain and allow it to sit for 2-3 minutes, avoid over saturating the fabric - follow directions for dried stains above. Always allow fabric to air dry

Maintenance

Care and Cleaning Guide Step 1: eye shadow, mascara, grease, black felt tip pen, crayon, chocolate, and suntan lotion Step 2: red lipstick Step 3: blood, urine, feces, oil base paint, tar and asphalt Steps 4 & 5: all other tough stains Step 1: Remove excess spill with a damp cloth. Clean witha 1:1 mix of Ivory® liquid and water. Next, rinse with clean water and dry. Step 2: Use a straight application of concentrated cleaners such as Formula 409® or Fantastik® spray cleaner. Wipe with a clean cloth, rinse with clean water, and dry. Step 3: Use a 1:1 mix of ammonia and water, or a 1:4 mix of bleach and water. Rinse with clean water and dry. Step 4: Use a straight application of naphtha (lighter fluid). Rinse thoroughly with clean water and pat surface dry. Step 5: Use a 1:1 mix of isopropyl alcohol and water. If the stain persists, use straight alcohol. Rinse thoroughly with clean water and pat dry. Note: For cleaning that requires step 4 or 5, use a soft cotton cloth saturated with the cleaning material and rub the stain in circles 10 times. Pat dry with another soft cotton cloth and check the results.
